

## **Senate Concurrent Resolution No. 101**

### **RESOLUTION CHAPTER 118**

Senate Concurrent Resolution No. 101—Relative to Prostate Cancer Awareness Month.

[Filed with Secretary of State August 20, 2014.]

#### **LEGISLATIVE COUNSEL'S DIGEST**

SCR 101, Gaines. Prostate Cancer Awareness Month.

This measure would designate September 2014 as Prostate Cancer Awareness Month in the State of California.

WHEREAS, Prostate cancer is the most frequently diagnosed cancer in men aside from skin cancer, and is the second leading cause of cancer death in men aside from lung cancer; and

WHEREAS, The American Cancer Society estimates that one in seven men will develop prostate cancer in their lifetime with an estimated 233,000 new cases of the disease in the United States during 2014, resulting in an estimated 29,480 deaths; and

WHEREAS, Prostate cancer is the most common cancer among men in most racial and ethnic groups. Incidence rates are about 60 percent higher in African American men than in non-Hispanic white men; and

WHEREAS, In California, approximately 22,080 men are predicted to be diagnosed with prostate cancer in 2014, and, of this number, approximately 3,065 California men are predicted to die of this disease; and

WHEREAS, The survival rate approaches 100 percent when prostate cancer is diagnosed and treated early, but drops to 28 percent when the disease spreads to other parts of the body; and

WHEREAS, Early stages of prostate cancer usually do not have symptoms and genetic predisposition may be responsible for 5 to 10 percent of prostate cancer cases; and

WHEREAS, Recent studies suggest that a diet high in processed meat or dairy foods may increase the risk of prostate cancer, while obesity may contribute to an increased risk of more aggressive forms of the disease; and

WHEREAS, Obesity and smoking are associated with an increased risk of dying from prostate cancer; and

WHEREAS, The American Cancer Society recommends that all men be given sufficient information on both the benefits and limitations of early detection and testing for prostate cancer to allow each man to make a decision based on his personal values and preferences; now, therefore, be it

*Resolved by the Senate of the State of California, the Assembly thereof concurring,* That the Legislature designates September 2014 as Prostate

Cancer Awareness Month in the State of California and encourages public officials and citizens of California to observe the month with appropriate activities and programs; and be it further

*Resolved*, That the Legislature joins communities across our nation to increase awareness of the importance of each man making an informed decision with his health care provider with regard to early detection and testing for prostate cancer; and be it further

*Resolved*, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.
